As a Designer with 5 years of experience, I've had the opportunity to impact a variety of user types across diverse products, including B2B, B2C, and Design Systems. I'm detail-oriented, organized, and skilled at simplifying complex ideas into meaningful user experiences.

As an autodidact, I stay updated on the latest design and technology trends, always looking for ways to grow and innovate. A hard-working team player, I thrive on taking new challenges from concept to wireframe to prototype, leveraging AI workflows to optimize every step of the process.
